

REDUCE TIME AND MANPOWER REQUIRED WITH THE GLASS TROLLEY. WORKS ON GLASS, WINDOWS, TILE, AND COUNTERTOPS.

- Vacuum suction cups secure glass without straps or clamps
- 16" solid wheels handle rough jobsite terrain
- Extending chassis with rear swivel wheel for stability
- Handles glass panels up to 240 × 150 cm (94 × 59 in)

THE PERFECT SOLUTION FOR MANY PROJECTS

The GT1 Glass Trolley is an easy piece of equipment to operate, with smart features built in for added safety. The Lockable Carriage acts as a second brake when moving a heavy load and prevents free-movement during transportation.

The Patented Silent Winch makes lowering and raising heavy objects an easy task. The 16" wheels are solid and sturdy. The chassis extends with a rear swivel wheel which acts as an added wheel or a stopper for maximum stability on the job site.

SILENT WINCH

Patented mechanism makes raising and lowering heavy panels effortless.

SHIFTING CRADLE

Shift the cradle sideways for easy passage through narrow doorways.

SPECIFICATIONS

Model	GT1
Max Load	180 kg (400 lbs)
Max Lift Height	140 cm (55 in)
Max Panel Size	240 × 150 cm
Dimensions	167 × 74 × 79 cm
Weight	53 kg (117 lbs)
Lift Mechanism	Patented Silent Winch
Securing	Vacuum suction cups
Warranty	12 months parts & labour
